

Fun After School and Saturday Classes at EIS!

Enroll now for after school or Saturday hands-on science enrichment classes offered at the Elementary Institute of Science! Students ages 7 to 13 will enjoy a selection of fun classes in a variety of subjects including: biology, chemistry, computer science, engineering, natural science, astronomy, geology, photography, and health. All EIS classes are taught by university students majoring in the subjects that they teach. Help your child have the opportunities and tools to build a strong foundation in science and technology! Classes

are all hands-on, so they are fun!
